

August 22, 1911

MRS. PETER WENNOCK

On Tuesday of last week, August 15th, the death of Mrs. Peter Wennock occurred at the Mayo hospital, Rochester, Minn., where the lady, accompanied by her husband and daughter, had gone for treatment for cancer of the stomach.

The body was brought home accompanied by the daughter and funeral services were held at the home on Friday last. Rev. Stenerson of Pierpont performing the sad rites.

Deceased was a native of Sweden, coming to America a little more than thirty years ago. Her first home was at Watertown, and in 1880 she became the wife of Peter A. Wennock. They were among the earliest of settlers to establish their home northwest of Groton, where they have ever since resided.

She is survived by the husband, who is himself an invalid at the Rochester hospital and was unable to come home for the funeral; by one son, Oscar, and one daughter, Miss Manda, so well known in the musical circles hereabouts. It seems a pity that one who has suffered the hardships of all the early day struggles should be brought low by this dread disease, with its attendant pain and suffering. The deepest sympathy is felt for this stricken family, and it is hoped the treatment at Rochester will speedily restore Mr. Wennock.
